## Why our clients chose us

*It has helped me a lot on my brother marriage function, lot of stress had gone while creating and managing the guest lists in this. Best app.*

**Aarav Sinha**

PR agent from Abu Dhabi

*I used the app for 3 store opening events in Switzerland. The app is very easy to use and reliable. ClickOn even provided us 2 Nexus 9s. Great product & great service!*

**Fanny Tribala**

Events for luxury brand

*We do use the App for all our VIP events, it is very easy to use for our models and hostesses who are in charge of the entry control and guest list. There is no further explanation needed, very easy to use.*
